Posts

Aluminium posts with stainless steel bolts for easy assembly and longlife.

Canopy Bracket

This makes easy to remove the canopy to store it if needed.

Curtains

Gazebo curtains are a decorative addition that provide shade from the sun, privacy, and protection from the rain when needed.

Bottom brackets

The feet at the bottom of the posts can be fixed to any surface using bolts, screws, pegs or our concrete filled bamboo bases.

Roof

We recommend *Spuncrylic* fabric canopy to withstand all the elements. 12 colours available.

Hub and Runner

Laminated bamboo hub and runner with stainless steel brackets and bolts.
